CURRENT NEWS AND COMMENT.

Congress was booked to adjourn y at 2 p. m., and it is to b hoped that the adjournment did not hang fire.

The tide of war seems to have turned in favor of the pigtails. Thirteen hundred Japs fell before heavy artillery fire in one engagement, and 6,000 were routed by 1,000 of the Mongolians.

The rapid increase of the Florida lemon crop and also of the California lemon is driving the Spanish and Italian importers into close quarters. Florida's crop this year will aggregate, it is estimated, 200,-000 boxes of 860 lemons each. Lemonade will be cheaper.

Judge Beckner, Democratic candidate, and his Republican oppo-nent, Hon. John L. Bosley, will address the people of this place on Tuesday next at the Fair Grounds. And it is probable that Hon. Joe M. Kendall will also be kere, though we have not heard from him.

The eleventh annual meeting of the Christian Woman's Board of Missions was held at Lexington last week, and among other matters we note that quite a handsome sum was collected for the Hazel Green home mission. Prof. Cord was placed on some of the more important committees.

They do say that men were paid fifty cents to march in the Owens procession at Lexington last week By that means they packed the procession, but as many of the hirelings were from Madison and Jessacounties, the demonstration on that occasion is by no means an ndication of what the vote will be at the primary.

Little Joe Kendaill is now making an active canvass and allowing mograss to grow in his tracks. He is making speeches and mixing with the mountaineers as no man but the can do, and if the Democratic party will but doits duty Mr. Hojekins may continue to preach the gospel until Gabriel blows his trumpet. All the Democratic voters need to do is to vote for Little Joe. He will carry the Democratic banner to victory.

Some of our exchanges mention Hon. O. C. Bowles, of Pike county, as a probable candidate for Governor, and THE HERALD rises to remark that if the honorable gentle-man will consent to make the race, we are for him against the field. Eastern Kentucky can get the no ination this time if the Democratic eaders will but try for it, and it does seem that this neck of the roods should have a chance sometime. That time is now, and we say: Hurrah for Bowles!

John L. Bosley, the gentleman nominated by the Republicans of this district, is one of the most affable men we ever met. But with it all he is a slick citizen in a political sense, and an artist who can paint the blackest kind of Republican jobbery in such beautiful col-ors as to hide them from those who fail to look closely. Aye, he is capable of decorating the most flagrant frauds with such pretty flowers that one will be attracted by their fragrance and lose the stronger emitted by the feted m He will bear watching and plenty

John D. White, who now claim his home at Manchester, in Clay ounty, has publicly that he will run as an Independent Republican candidate for Congress from the Eleventh District. Dave Colson and Silas Adams will contend for the nomination through a primary, and however it may end there will surely be two, and may be three, Republican candidates. If they will keep up this Kilkenny cat fight until after the November election, the Eleventh will have been redeemed from Republican rule and a Democrat will be elected to the position.

Democrats of the Tenth Congressional District should be up and doing. The Republicans, hop-ing to slip a man in, for the shor term, last week nominated John L. CAUGHT AT LAST

After questioning these men, on of them broke down and confesse After questioning these men, one of them broke down and confessed that they had been stealing for some time, and named as their accomplices two merchants of Winchester, Shelton Massie and Mosse Mitchell. A search of their stores resulted in the fluding of a large quantity of stolen goods. Many of the articles still had the direction tags upon them and showed conclusively that they were stolen. It seems that the three parties first named would steal the goods, take them to the grocerymen, who would dispose of them and divide the proceeds. So successful had they been in the business that they were just about to move into new and larger quarters.

Detective Drake deserves great credit for breaking up this organized band of thieves, and their capture adds another feather to the already great number in his cap.—Lexington Transcript.

Pat Out in Just Ten Seconds.

Our citizens to the number of two or three hundred gatkered on the burnt district here, on last Monday afternoon at two o'clock, to witness the exhibition made by the Cincinnati Tin and Japan Fire Extinguisher Co. The test was given under the personal supervision of Mr. Herman B. Wells, president of the company, of Cincinnati, and Mr. W. V. Snyder, the local agent, of Georgetown, Ohio, and was satisfactory in every respect, clearly demonstrating the Stemple Extinguisher to be one of the best methods yet devised or invented for the controlling of fire.

A structure of pine boards was built, and after being thoroughly saturated with coal-oil, a match was applied. The extinguisher was then turned on and the fire put out in about ten seconds. All who witnessed the test were thoroughly satisfied that the Stemple will do all and more than is claimed for it. The head-quarters of the company are S. E. Cor. Sycamore and Canal Sts., Cincinnati.—Winchester (Ohio) Herald.
